plantas en nuestro  
vivero.

## Buganvilia enredadera

Bougainvillea

|                                                                                            |                 |
|--------------------------------------------------------------------------------------------|-----------------|
|  40 cm  | <b>s/10.00</b>  |
|  60 cm  | <b>s/12.00</b>  |
|  90 cm  | <b>s/15.00</b>  |
|  120 cm | <b>s/20.00</b>  |
|  250 cm | <b>s/150.00</b> |

## Jazmín limón

Jasminum officinale

|                                                                                           |                |
|-------------------------------------------------------------------------------------------|----------------|
|  60 cm | <b>s/25.00</b> |
|-------------------------------------------------------------------------------------------|----------------|

## Cissus

Cissus vitaceae

|                                                                                             |                |
|---------------------------------------------------------------------------------------------|----------------|
|  70 cm | <b>s/21.00</b> |
|---------------------------------------------------------------------------------------------|----------------|

## Lluvia de Oro

Cassia fistula

|                                                                                              |                |
|----------------------------------------------------------------------------------------------|----------------|
|  140 cm | <b>s/30.00</b> |
|----------------------------------------------------------------------------------------------|----------------|

## Madre Selva

Lonicera  
periclymenum

200 cm

s/25.00

## Piperonia

Peperomia obtusifolia

10 cm

s/10.00

40 cm

s/20.00
